((CENTRIC))

MICROSOFT MANAGED PARTNER

ARTIFICIAL INTELLIGENCE PRACTICE

Applied Agentic Integration

"Build human-agentic teams that amplify your organization through the Microsoft tools your people already use."

Why Centric Consulting?

HIGHEST LEVEL OF PARTNERSHIP
All six Microsoft Solutions Partner Designations. AI Inner Circle member. Microsoft Managed Partner.

PROVEN METHODOLOGY
Built and validated through real internal implementations. Not theory - working systems.

MICROSOFT FIRST
Your people stay in Word, Excel, Teams, and Outlook. Agents integrate underneath through Azure AI and Graph API.

CROSS-SERVICE DELIVERY
One engagement spans AI, Data & Analytics, Software Development, Security, and Strategy. One Centric.

THE ARCHITECTURE

Three-Layer Integration Model

Your people stay in Microsoft 365. Agents work underneath. The integration layer connects them seamlessly.

HUMAN LAYER
Microsoft 365
Where your people already work every day

Word | Excel | Teams | Outlook | SharePoint | OneDrive

GRAPH API + MCP

INTEGRATION LAYER
Handoff Protocols
Secure, structured hand-offs between humans and agents

Graph API | MCP Connections | File Sync | Custom Protocols

AZURE AI APIS

AGENT LAYER
Specialized AI Teams
Pay-per-use, not per-seat - scales with demand

Research Agents | Analysis Agents | Drafting Agents | Review Agents

353% ROI
M365 COPILOT FOR SMBS

McKinsey 2025 - Multi-Agent AI

Engagement Phases

From discovery to production in weeks, not months

PHASE 1

Blueprint

Assess workflows, identify high-value human-agent handoff points

>

PHASE 2

Design

Design agent teams, integration layer, and security model

>

PHASE 3

Build

Build and test agent teams, integrate with Microsoft 365

>

PHASE 4

Operate & Improve

Monitor, optimize, expand across the organization

What You Get

Workflow Assessment

Identify highest-value automation opportunities across your organization

Team Architecture

Custom-designed human-agentic team structure for your workflows

Working Agent Teams

Built and integrated with your Microsoft 365 environment

Scale Roadmap

From pilot to enterprise-wide deployment with clear milestones

Cost Model

API-based vs. per-seat licensing comparison with projected savings

Change Management

Adoption plan for human-agent collaboration across teams

About Centric Consulting

Centric Consulting is an international management consulting firm with unmatched expertise in business transformation, technology implementation, and adoption. Founded in 1999, Centric has grown to 1,400+ employees and 14 locations across the country and India.

Copilot for individual productivity, agentic platforms for coordinated team workflows, Microsoft 365 as the human interface for both. Centric delivers all three.
